

Performance Testing

Date	November 2, 2025
Team ID	F53C03230D9D3649CD4402B24FF15FEB
project Name	Educational organization using ServiceNow

Project: Educational Management System Using ServiceNow

1. Objectives:

- To verify that all functional requirements are met (calculations, auto-population).
- To ensure the application is responsive and meets non-functional performance requirements.
- To identify and log any bugs or defects before deployment.

2. Test Cases:

Test Case ID	Feature	Test Steps	Expected Result	Actual Result	Pass/Fail
TC-01	Form Load	1. Navigate to "Admission" > "New". 2. Time how long the form takes to load.	Form should be interactive in < 3 seconds.		
TC-02	Pincode Script	1. On the Admission form, go to the "Pincode" field. 2. Enter "509358". 3. Tab out of the field.	"Mandal," "City," and "District" fields instantly populate with "kadthal," "kadthal," and "RangaReddy."		
TC-03	Number Maintenance	1. Fill out and save a new "Admission" record. 2. Open the new record.	The field is populated with a unique ID starting with "SAL" (e.g., "SAL0000001").		

Test Case ID	Feature	Test Steps	Expected Result	Actual Result	Pass/Fail
		3. Check the "Admin Number" field.			
TC-04	onLoad Script	1. Navigate to "Student Progress" > "New". 2. Observe the form.	The Total, Percentage, and Result fields are all grayed out (read-only).		
TC-05	Calculation Chain	1. On the "Student Progress" form, enter "70" into all 6 subject fields. 2. Observe the calculation fields.	- Total updates to "420". - Percentage updates to "70%". - Result updates to "Pass".		
TC-06	Result: Fail	1. On the "Student Progress" form, change all marks to "50". 2. Observe the calculation fields.	- Total updates to "300". - Percentage updates to "50%". - Result updates to "Fail".		
TC-07	Auto-Populate	1. On the "Student Progress" form, select an existing student in the	The student's "Student Name," "Father Name," etc., auto-populate on the form.		

Test Case ID	Feature	Test Steps	Expected Result	Actual Result	Pass/Fail
		"Admission Number" field.			
TC-08	Error Handling	1. On the "Student Progress" form, manually force the Percentage to "110" (using a separate script). 2. Trigger the "Result" script.	An error message "Percentage should be between 0 and 100" appears. The Result field is cleared.
